Womlab Srl - IBAN: IT90N0304801000000000091648

10:00	Welcome	13.00 - 14.00	CAS: Tip and Tricks, Materials and Techniques
10:20 - 11.00	Surgical and Radiological Carotid Anatomy	14.30 - 15.30	Stenting of cadavers carotid segments
11.00 - 12.30	CEA: Tip and Tricks in Surgical Techniques	15.30 - 18.30	Anatomical dissection on corps
12.30 - 13.00	Light Lunch	18.30	Greetings

During the course, the participants will be led through video sessions, commented directly by the operators, in order to improve the understanding of the most common surgical and endovascular techniques used worldwide in carotid surgery. Moreover, the participants will have the possibility to replicate the same endovascular and surgical techniques, learned during the video sessions, directly on cadaver models under the supervision of our tutors, improving the skills also among a carotid endovascular simulator which will be at the disposal of the attendees during the course.
